

SAINT GOBAIN ← COMPANY NAME.

TECHNICAL ROUND :

- * 1) Question based on DAC project and B.E project.
- * 2) Collections in java - In Details.
- 3) Multi Threading. Concepts.
- * 4) Framework which we used in project. (i.e)
They asked about the details of framework and its "ARCHITECTURE" [STRUTS, SPRING etc]
- 5) Garbage Collection in JAVA.
- 6) Basic concepts like - abstract class, interface,
* Exception Handling [In details]
- 7) Basic concepts on DATABASE
↳ function, Procedure

Saint Gobain Questions

Java test

- 1) Serialization
- 2) Exception
- 3) Threading
- 4) Garbage Collection
- 5) Diff. Set and List
- 6) Framework used in project or any known framework
- 7) What can you do for testing the code?
- 8) project questions

sql queries

- 1) joins
- 2) What are the operators used in select
- 3) ~~Framework used in project or any framework that you know~~
- 3) Functions in plsql
- 4) Data warehousing?
- 5) Give example of where.... and clause?
- 6) DDL commands
- 7) Triggers, procedures

Technicalst. gobain

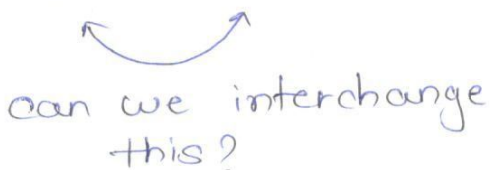

- ① OOPS with examples
- ② Project description? which Technologies used?
- ③ Role?
- ④ How did you go about the project?
- ⑤ Exception handling?
- ⑥ what is a session?
- ⑦ Why is Map not a part of collection interface?
- ⑧ what is hibernate?
- ⑨ what did you learn in CDAC apart from technical skills
- ⑩ How to reverse a string without inbuilt function?
- ⑪ How to find missing number in an array?
- ⑫ Types of Joins?
- ⑬ Diff between Equijoin & Natural Join?
- ⑭ Difference between JDBC & hibernate?

THR

- ① BE project
- ② family background
- ③ why Java?

- Q. Overriding & overloading?
- Q. Can we pass multiple arguments like -

```
public static void main(String args1[],  
                        String args2[])
```

can we interchange this?
- Q. String, StringBuffer, StringBuilder difference?
- Q. Project?
- Q. Difference between final, finalize, finally?
- Q. Previous job? Why you left?
- Q. Difference between checked exception & unchecked exception?
- Q. Types of joins?

HR :-

- Q. Project? (CDAC)
- Q. Family Background?
- Q. Relocation?
- Q. Why decreasing graph of score from 10th to BE?

Ashutosh Kadam

Saint - Gobain.

- ① Tell me about our presentation that we show to you?
- ② Tell me about yourself?
- ③ Tell me about your Project?
- ④ Tell me about your BE Project?
- ⑤ What is difference between android vs ios.
- ⑥ How you can use web service in your project?
- ⑦ Query for to get employee name & department name & how you count number of employee for particular department.
- ⑧ How you see yourself after 5 years?
- ⑨ Family background?
- ⑩ .Net project done by you in web
- ⑪ Inbuilt sql query?
- ⑫ How you use data base?
- ⑬ Your role in Project?

Name: Pratik Pawar

Saint Gobain

• Technical Round

- 1) OOPS concepts with examples.
- 2) Sql queries, joins, triggers, truncate.
- 3) String buffer vs String Builder.
- 4) BF project.
- 5) CDAC project flow.
- 6) Spring MVC.
- 7) Hibernate.
- 8) Stored procedure.
- 9) Delegates
- 10) final, finally, finalize
- 11) Exception handling.
- 12) Your contribution & role in project.
